## **A 50-Year Success Story Called "Bavaria"**

"Bavaria Egypt" celebrated the Golden Jubilee to its foundation in 1971. Doctor Nader Riad, chairman and managing director, expressed his thanking and gratitude to the Egyptian Nation and all workers of the company. He said that such gratitude should be expressed due to the trust that the company products gained, in addition to the great support and loyalty granted throughout the past decades from its sincere clients.

Nader described such occasion as historic, which represents an exceptional opportunity to express gratitude to success partners who accompanied and joined the company since its beginning, which constituted a strong push in the way of excel and developing the pioneering and unique performance levels in providing high-quality services, along with the successes achieved throughout the past fifty years. He said: "we value and appreciate the role played by anybody who contributed with us to the progress, development and success along this journey". He expressed his hope for a better future, that he confidently and hopefully expect upon considering all the achievements attained in pride and glory at such a historic moment of the success story which everybody cherished to achieve.
